

Study Hub (A Productivity App)

03.12.2025

Names:

Huzaifa Kashif (24I-6501)

Shuja Abbas(24I-6539)

Habiba Sadia(24I-6555)

Section: CE-B

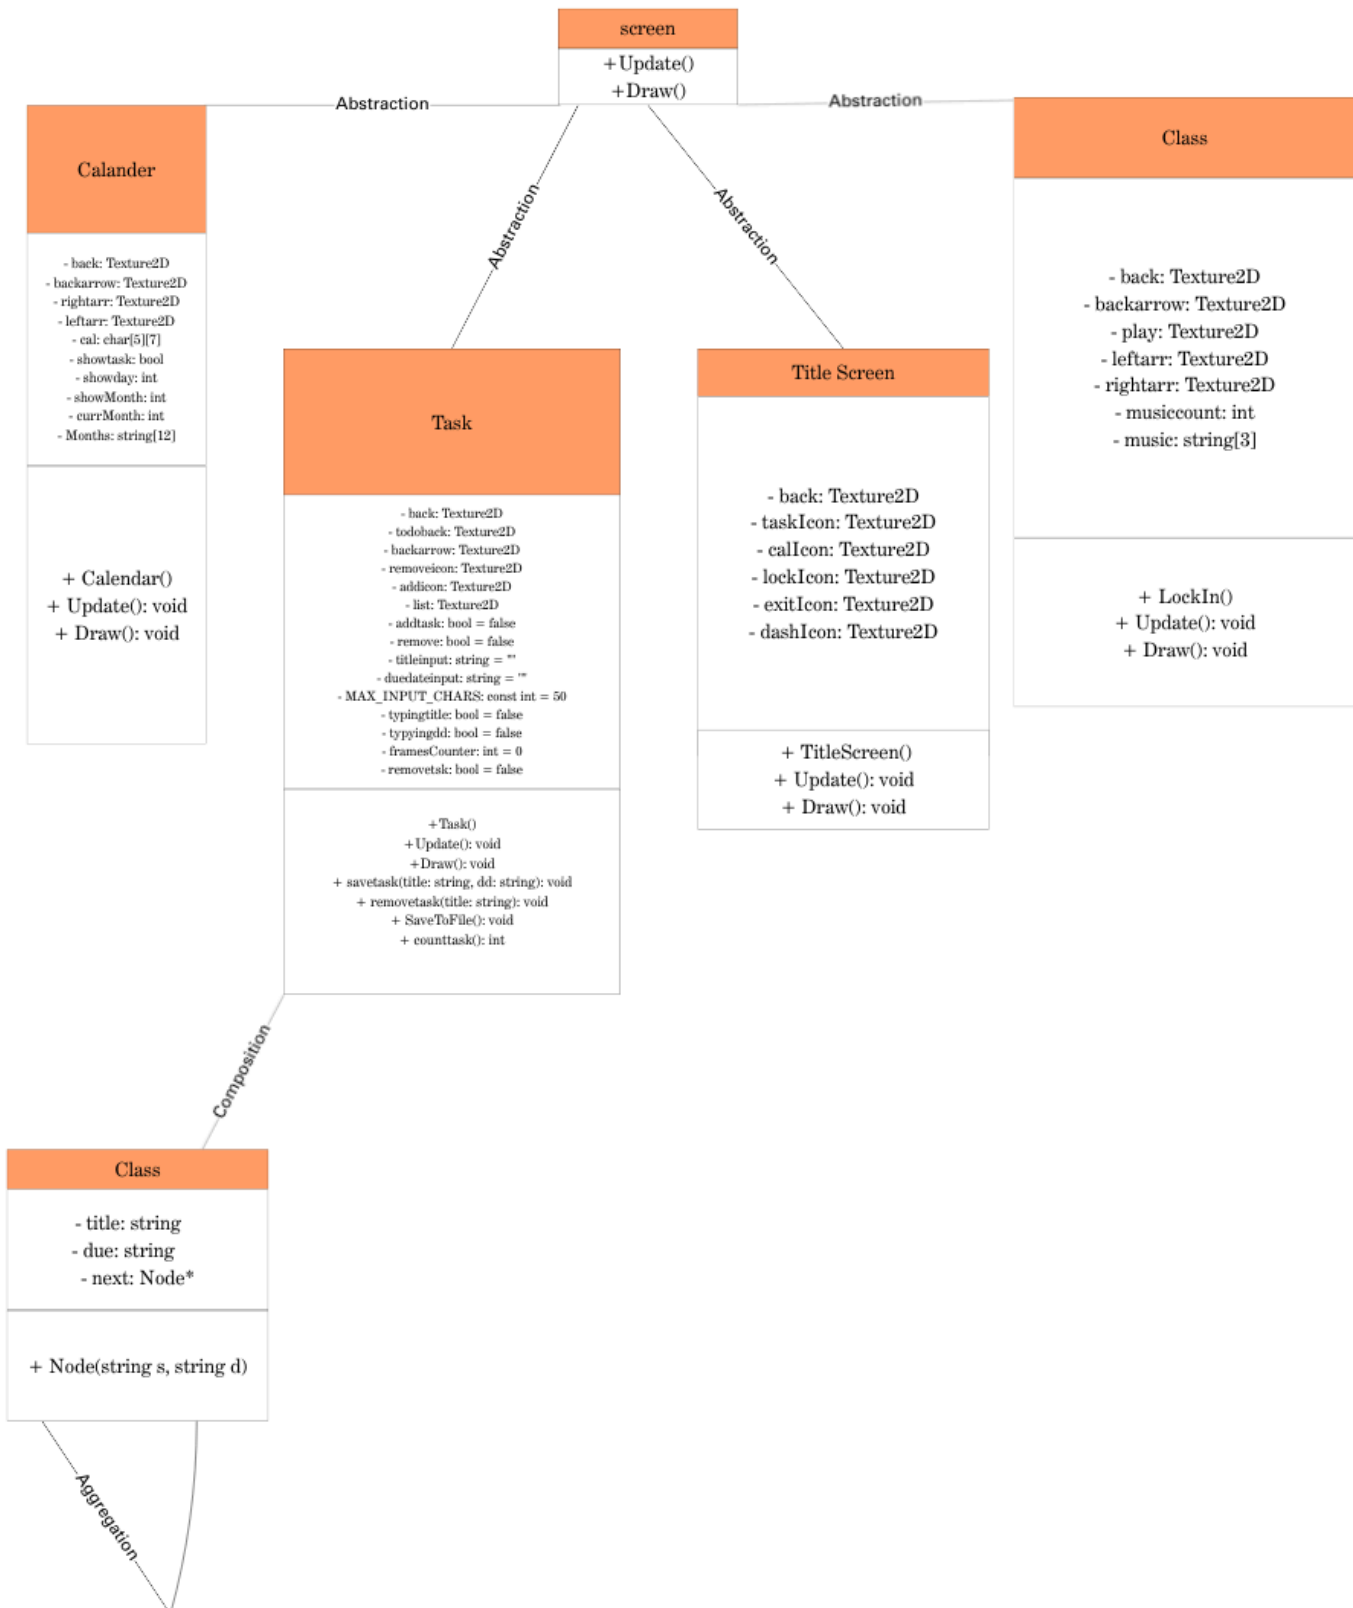

Overview

Built a productivity app that helps to note down and set aside tasks, remove tasks, display tasks on an interactive calendar where you can plan out your future tasks, and see which tasks you have set on which day. A study session section where you can listen to calming music and focus on your studies.

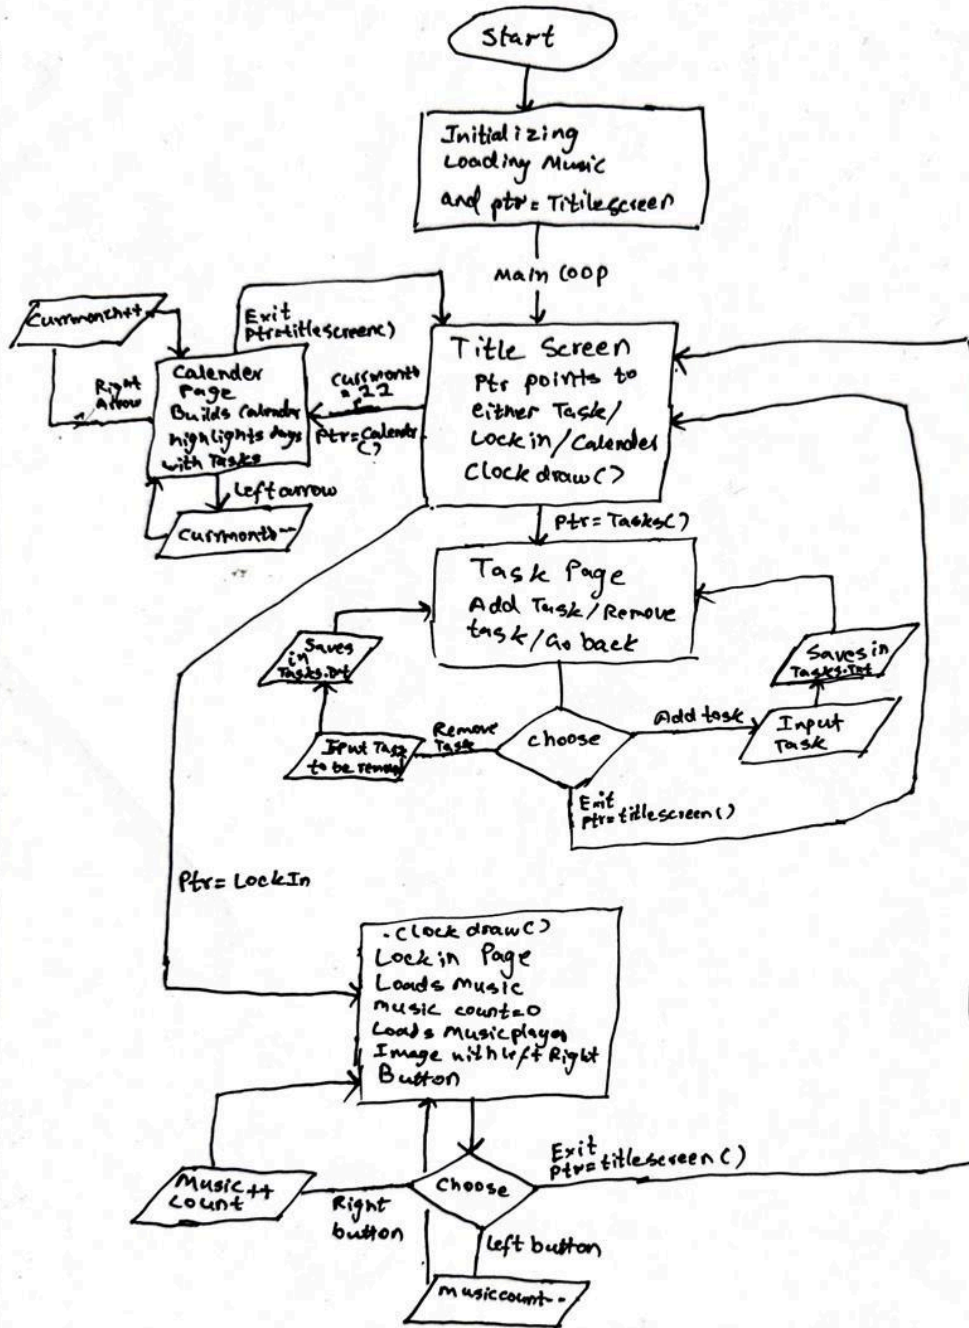

Goals

1. Creating an interactive task system
2. Creating a task Calendar
3. Promoting more deep-focused learning and reducing procrastination.
